

# Princess Daphne

CRUISE  
**PD15**

## 2010 - 2011 FAR EAST CRUISE PROGRAM

### Japanese Delights 17 NIGHTS (Sun – Wed)

06 March 2011 – 23 March 2011  
Hong Kong – Hong Kong • Cruise PD 15

Leaving Hong Kong behind Princess Daphne then makes the journey north to the Japanese prefecture of Okinawa in the Pacific Ocean.

Subsequently organised is a visit to Tokyo, where you can spend two full days in one of the most intriguing cities on earth. An optional full day tour of Tokyo has been arranged, plus a tour to Mt. Fuji and Hakone.

Afterwards we come to Kobe where again Princess Daphne will overnight. Depending on your desires you may wish to take part in the full day tour arranged to Kyoto or take a trip to Osaka. Also on offer is a Sake Tasting during the tour to Mt. Rokko.

Our Japanese visit concludes at Nagasaki, one of the two cities, along with Hiroshima, to come under nuclear fire during the Second World War. The Atomic Bomb Museum stands as a testament to that terrible time and catalogues some of the darker events in human history. Today, as in times before the war, the city has a thriving shipping industry.

Princess Daphne will then reach the Korean Peninsula and the city of Pusan, before heading to Shanghai in China, where a number of fascinating tours have been arranged including the Suzhou tour, a full day tour of Shanghai as well as an evening Shanghai Acrobats show.

You can disembark in Hong Kong or continue on the next sailing to Singapore via Sanya (China), Halong Bay, Da Nang, Nha Trang and Ho Chi Minh in Vietnam and Cambodia.
